HotelsCombined recognize Alpenhorn Bed and Breakfast amongst the best hotels in the United States

Big Bear Lake, United States, 11 July 2018- HotelsCombined, the Australian-based hotel meta-search company, has started an extensive survey covering different types of accommodations within the United States. This survey is based on gathering data from millions of guest reviews, and translating them to an official Recognition of Excellence.

The HotelsCombined Recognition of Excellence is not a ranking list but a group of outstanding accommodations chosen based on a strict set of criteria. In order to be considered, properties must meet the following criteria:

- At the time of judging, a winner is rated 8.50/10 or over with a minimum of 50 customer reviews certified by HotelsCombined.
- We couldn't detect any major customer service problems, nor recurring or unresolved issues.

Moreover, HotelsCombined is taking in great consideration the way the hotel staff answered the Hotels communication team, demonstrating their commitment in providing quick assistance.

Alpenhorn Bed and Breakfast boasts a high satisfaction rating among guests and travel industry experts, receiving 250 reviews for an impressive rating of 9.2 out of 10.

"We are thrilled to be working with the best hotels in the United States and Alpenhorn Bed and Breakfast is certainly among them" said Alberto Castellucchio, market manager of HotelsCombined United States "What is different about the Recognition of Excellence is the way information is gathered and analysed: it all depends on the guest and his or her experience with that particular accommodation."

"With HotelsCombined, 30 million people are finding the best deal available on-line every month. With this award, we'd like to make it even easier for every traveller to identify the best hotel for customer service and therefore the best value for their money".
